

Botswana Class – Castle Research Project

As a home learning project you could carry out some research into our local castles – Alnwick, Bamburgh, Dunstanburgh and Warkworth.

Things you could do:

Carry out some research into 1 or more of the castles. Make a scrap book.	Make a model
Draw a picture	Label a diagram
Pretend you are the lord of the castle – write about a day (a month. A year) in your life as the lord.	Find out about other people who would live and work inside the castle
