

St George Class Newsletter

Dear Parents

Welcome back to our final half term - it's hard to believe we have nearly completed a full year in St George Class. The following is a rough guide of what is happening this half term. If you have any questions, please ask and we will try our best to help.

Hopefully this half term we will be blessed with lovely warm weather and hope to spend a lot of time outside. With this in mind please could you please make sure that children come to school wearing sun cream if it looks like it is going to be a sunny day and to bring a hat or cap. Please also provide extra sun cream to keep in their drawer for a top up at playtime. Sometimes, as we are on the coast it can get chilly so please also send in a coat.

Mornings

The children have settled into the classroom routines again since coming back to school and are keen to find an activity before we all come together for the register and Wake and Shake. It is really important that the children are on time and arrive at their allocated slot.

If children bring in a snack, could you please remind children to put it in their drawer first thing in the morning so they can get to it easily during the day rather than leaving it in their book bags. Please keep your child's snack to something small and **healthy**. We always have fruit available for the children to have.

PE

Our PE will continue to be on a Monday and the second session will change to being on a Wednesday. On these days the children will need to come to school wearing their PE kit.

Read Write Inc. phonics

The children have really enjoyed beginning to learn to recognise letter sounds and practicing how to form the letters correctly with the different rhymes. Please keep going over these letters at home using the sheets which have been sent out as this will give the children a great foundation for when they start Reception.

Topics

Over this half term our topic is 'The Seaside' starting with an ice cream shop in our role play area. We will also be talking about the change in season and how to stay safe in the sunshine. However if the children's interests change, we may make slight changes along the way.

As always if you have any questions please do not hesitate to ask myself or Mrs Parker.

Mrs Whaley
